

# Nestor Andrés Cicardini

## Full Stack Web Developer

📍 Barcelona, Spain

### Profile

I am a young and enthusiastic Argentinian programmer venturing into full stack web development. I have experience in crafting websites and web applications using React for the front end and Java Spring Boot for the back end. My passion for self-directed learning keeps me up-to-date in this ever-evolving field. Additionally, I have the ability to manage my time effectively. Bringing me onboard would mean having a dedicated and eager team member, ready to learn, contribute, and support the company's success.

### Education

#### Full stack Web Development Programming Bootcamp *Epicode*

Duration: 6 months (Total of 950 training hours)

Period: February - July 2023

- › Frontend Development: HTML, CSS, Bootstrap, JavaScript, React, Basic UI Design. Backend Development: Java Spring Boot, PostgreSQL
